

NOT A HITCH IN SHAFER'S PLAN

The Amalgamated Officials
Confident of the Success of the Strike.

STRIKE TOMORROW

Every Union Steel Plant Will
Close with Last Blast
of the Whistle.

BIG STRUGGLE BEGUN

Pittsburg, Aug. 9.—The officials of the Amalgamated are confident this morning of the success of the great strike which is to be promulgated tomorrow. Not a hitch in the plans of President Shaffer and his aides has as yet occurred.

It was hinted that the attempt to organize the men of the Carnegie company's mills was successful beyond the hopes of the organizers. The chance of tying up these plants tomorrow is excellent. Reports from the trust mills in Ohio, Indiana and Illinois are equally encouraging. Every union plant affected by the strike order will close with the last blast of the whistle tomorrow morning, according to the predictions of the Amalgamated officials.

Gompers appeared at the headquarters this morning to resume his conference with Shaffer. He still refused to make a statement until the conclusion of the conference.

No attempt was made to start the Painter mill last night, and the furnaces indicate that nothing will be done today.

ARMING FOR THE BIG STRIKE

Labor Unions and Steel Trust Gather
Forces for the Conflict

Pittsburg, Pa., August 9.—Both sides in the steel strike appear to be confident of victory. The contending parties are centering their energies for a show of strength on the day that the general strike order becomes effective. The United States Steel corporation is re-opening mills closed by the first strike to show its independence of unionism and gathering strength wherever it may to tighten the effect of the general strike order, and the Amalgamated association bends its energies to the extension of its membership and to obtain the support and co-operation of the American Federation of Labor.

The general strike order becomes effective tomorrow night and the claims put forth on either side as to the results that will accrue from it are widely at variance. Officials of the steel companies admit that thousands of men will obey the order of President Shaffer of the Amalgamated association and go out, but they positively deny that he is up to his eyes in general. They point to their success in re-opening four mills that were closed and say that they have strongholds at points where the Amalgamated claims to be the strongest.

President Shaffer and his associates on the other side insist that the strike order will be generally obeyed and that they will obtain more than enough support to cripple the steel corporation. "We have these people licked to a standstill already," was the way that Vice President Ellet Gibson of Pittsburg voiced the feelings of the Amalgamated people.

With both sides arming for the conflict and a general strike but forty-eight hours away, many ordinarily well-informed persons hold to the belief that there will yet be a settlement of the strike.

Some of the men who predict settlement believe there will be outside intervention from powerful interests and a submission to the dispute to arbitration. Different men of national reputation, including Archbishop Ireland and Senators Hanna and Scott have been named in this connection, but if efforts are being put forth in that direction they have not yet appeared upon the surface.

Passed as Dr. Roberts
Bloomer, Wis., August 9.—A man representing himself as Dr. Roberts

MAC ARTHUR TO BE IN COMMAND OF THE DEPARTMENT OF THE DAKOTAS

Military Demonstration Will Be Given in His Honor
in Milwaukee—Royal Welcome Being Planned.

Milwaukee, August 9.—Major General MacArthur, Milwaukee's foremost soldier citizen, will arrive in San Francisco on the United States transport Sheridan, some time between this morning and tomorrow afternoon.

When he arrives in Milwaukee some time within the next few weeks he will be met with a military greeting befitting his rank as major general. Soldiers and bands will escort him from the depot to his hotel, and later the citizens of Milwaukee will be given an opportunity to do him honor at a reception and at a banquet.

And all this demonstration it may be here added, will be none the less sincere and hearty because of the fact that the city's military idol has been selected for additional honors by the government. In the assign-

ment of Janesville, state veterinary surgeon, at the instance of Dr. H. Lohm is was arrested and taken to Chippewa Falls. When arrested he said that his name was C. H. Brandon.

Vermont Day at Buffalo.
Buffalo, N. Y., Aug. 9.—Vermont day at the Pan-American Exposition opened with delightful weather and attracted another large attendance. The programme provided for appropriate exercises in the Temple of Music. Among those who spoke were Gov. W. W. Stickney, United States Senators Proctor and Dillingham and Congressman Foster.

Excursion Train Wrecked.
Pittsburg, Pa., Aug. 9.—Two sections of an Atlantic City excursion train collided near Confluence, Pa., eighty-four miles east of Pittsburg, about 11 o'clock a. m. A number of passengers are reported injured, several of them seriously.

PROCLAMATION BY GEN. KITCHENER

Boers in the Field Are All Warned
That They Must Surrender
by September 7.

London, Aug. 9.—The Parliamentary paper issued today contains Kitchener's proclamation of Aug. 7th. The proclamation begins by defining the present condition of "Tairs in South Africa. The British troops, it says, control the seats of government, principal towns and railways. The great majority of Boers to the number of 5,000, who are not killed, are prisoners or living peaceably under British protection. The Boers who are still fighting have lost almost all of their guns and munitions of war and are devoid of organization. The proclamation concludes by warning all Boers still in the field that they will be permanently banished from South Africa if they do not surrender by September 7th. There is an unconfirmed rumor here that Kitchener was wounded in a skirmish outside of Pretoria.

Amsterdam, August 9.—Officers here regard Kitchener's proclamation as an attempt to inspire terror and state that it will be ineffective in subduing the Burghers.

CZAR URGED TO FAVOR AMERICA

Russian Newspapers Want Our Tariff
War Settled So They Can
Jump on Germany.

St. Petersburg, August 9.—The newspapers unite today in urging the government to affect a speedy settlement with America in regard to the tariff matters in order to concentrate all efforts upon the German tariff war, which now appears inevitable. They also urge Russia to combine with America against Germany.

APPROVE CHARGE AGAINST HINSEY

Chicago, August 9.—The formal charges against J. A. Hinsey and H. B. Stolte, which are expected to lead to their expulsion from their local lodges of the Knights of Pythias, received the approval of Supreme Chancellor Ogden H. Pethers of the order yesterday, and the trials of the accused men will soon take place. The charges will be filed tomorrow or as soon as the papers have been received from Grand Chancellor Jewett of Lincoln, Ill., to whom they were sent for signature.

PRINCE HENRY OF ORLEANS IS DEAD

Saigon, Indo China, August 9.—Prince Henry of Orleans died here this afternoon.

Paris, Aug. 9.—A dispatch received here from Saigon, Indo-China states that the Prince Henry of Orleans has had a severe hemorrhage and is sinking rapidly.

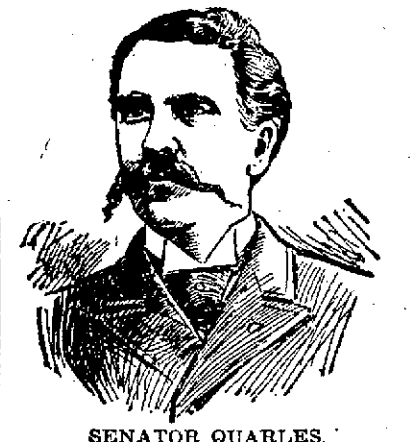

Miss Lou Little of Beloit is the guest of Miss Kathryn Fenton.

MEANS WAR ON GOV. LA FOLLETTE; SENATOR QUARLES TALKS FREELY

Stalwart League Was Organized for the Benefit of the Republican Party—Gov. La Follette is a Mere Incident—Some Sharp Thrusts.

"I am in favor of the organization and I believe that it should be made so broad that every republican can become a member of it." This was the declaration of Senator J. V. Quarles last night in the course of an interview with a Free Press reporter reviewing the events of the stalwart conference of Wednesday. Unlike others who were at that conference Senator Quarles spoke freely. He said last night:

"I did not receive a written invitation to that meeting. In fact, I did not know that the meeting was to be held until Wednesday morning. I was out of town last week. Wednesday morning I met some of the boys downtown and they told me that

SENATOR QUARLES.

there was a meeting that afternoon in the Hermann building for the purpose of signing an address to the republicans of Wisconsin. They asked me if I would attend and I went and made a little talk.

Purposes of the League
"I do not care to give any statement as to the purposes of the league which has been formed, as that is a matter which should be left to the members of the legislature, who called the meeting and who have signed the call which, I understand, will be made public next week. However, in a general way the league is not for

the purpose of organizing the republicans of the state, not for one campaign or for one year, but permanent. It will not be under the domination of any one man, but will be an organization where every member of the party who joins can feel perfectly free. It will not be used to promote the interest of any man, but will be for the purpose of promoting the interests of the republican party.

No Machine Within the Party
"I am opposed to the domination of the party by one man. That has been the trouble with the republican party in the past. I am in favor of the organization and I believe that it should be made so broad that every republican can become a member of it. I do not believe in any machine organization which can be used by any one man within the party to further his own ends. Now, Mr. La Follette has his own organization. It is as much his as that book of mine," he said as he pointed to a volume of Bobby Burns poetry, and he continued: "He can put that organization under his arm and do as he likes with it. It does not believe in any man having an organization within the party."

Will Oppose Governor La Follette
"Was there anything said at the meeting yesterday about a fight being made against the renomination of Governor La Follette?"

"Well, not much. There were a few who said something along that line, but there was no general discussion along that line."

"From what you say, senator, it can be presumed that you personally will oppose the nomination of Gov. La Follette?"

"I would not say that I am opposed to his re-nomination at this time. The convention is far away. However, I am opposed to Governor La Follette's methods."

"Will the new organization be used to fight the renomination of Governor La Follette?"

"I presume it will, but that is not its object. It is organized for the benefit of the republican party, and Governor La Follette is a mere incident."

KEELEY CURE COUNTY ORDER LAW IS DECLARED UNCONSTITUTIONAL

Attorney General Hicks Decides That the \$30,000 Appropriated by the Legislature Cannot Be Paid.

Madison, Wis., August 9.—(Special)—In an opinion made public today Attorney General Hicks declared the law passed by the legislature last winter appropriating \$30,000 for paying innocent purchasers of county orders issued under the invalid Keeley cure law of 1895, to be unconstitutional. The opinion is given to the state land commissioners, who are made by the law an auditing committee to settle the claims.

Mr. Hicks states that he believes the law to be in excess of the legislative authority, and in strict violation of the constitutional provisions.

PETER JACKSON, PUGILIST, IS DEAD

Colored Slugger Died in Australia,
July 23—His Most Famous
Fight Was with Corbett.

San Francisco, Aug. 9.—Peter Jackson, the famous colored heavyweight pugilist, is dead. The news was received in San Francisco today. Jack-

PETER JACKSON.
son died in Sydney, Australia, on July 23, but the steamer bearing the news did not reach America until today, when it arrived at Victoria, B. C. His most famous fight was with James J. Corbett at San Francisco, May 21, 1891.

Will Strike in the West.

Chicago, Aug. 9.—Vice President William C. Davis of the fourth district of the Amalgamated Association of Steel and Iron Workers says he will obey the general steel strike order to go into effect tomorrow. On his section alone depends in large measure whether several thousand men in the great steel mills of South Chicago, Milwaukee and Joliet throw down their tools and inaugurate a determined strike.

LEAVES HIS FACE SCARRED FOR LIFE

Serious Accident to the Three-Year-Old Son of Mr. and Mrs. F. A. Norman of Pearl Street.

The three year old son of Mr. and Mrs. F. A. Norman of Pearl street was the victim of a serious accident yesterday noon, which will leave his face scarred for life.

The little fellow was playing in one of the bedrooms and in some way tipped over a wash stand with a large wash bowl on it. It is thought the bowl broke when it struck the floor and the little boy knocked over by the stand was caught between it and the broken bowl. The flesh on his face was laid open from his nose to his ear down to the bone.

A physician was called to attend the little sufferer and took twenty-one stitches in closing up the cut.

SPARKS FROM THE WIRES

Canton, August 9.—President McKinley has declined to attend the Templar conclave at Louisville.

London, August 9.—In the police court today a waiter by the name of James MacDonald gave himself up, confessing that he had robbed an officer in Portland, Ore., last December of five thousand dollars.

Vallejo, Cal., Aug. 9.—Fifty men began this morning to drag the bay in the vicinity of the Shelby smelter with a hope of locating the gold stolen on Monday.

San Francisco, Aug. 9.—A warrant was issued today charging Walter Dimmeck, ex-cashier of the mint, with the recent theft of thirty thousand dollars in gold from the institution.

Victoria, B. C., Aug. 9.—The steamer Mona brings the details of the immense department stores of Herd and Son at Sydney, Australia. The entire establishment was destroyed to death. Another was killed by jumping from a fourth story window. The property loss will exceed three million dollars.

Dick Fletcher and family are spending two weeks at Lake View. They will return some time next week. Mrs. Hay and daughter and L. L. Fletcher and wife are with them.

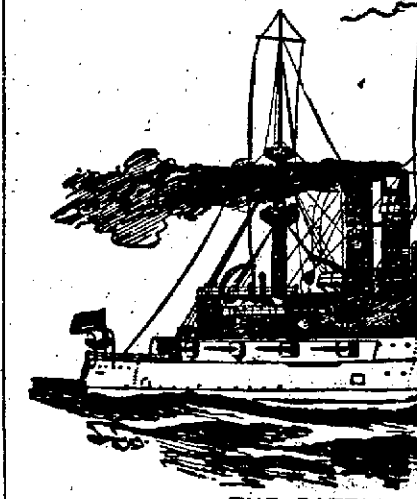

TRAIN FALLS INTO A BAYOU. Tug Rescues Passengers from Railway Coaches.

Galveston, Texas, Aug. 9.—A dispatch from Sabine says the south-bound Southern Pacific passenger train from Beaumont to Sabine Pass fell through the bridge over Keith Lake Bayou, seven miles north of that place, this morning. The entire train was precipitated into the bayou, almost sinking out of sight. Thirty passengers were aboard and had it not been for the tug Earnest being anchored near by with a fishing party aboard they would have perished in the water. The members of the fishing party and the crew of the tug hastened to the rescue of those in the train, and, cutting through the roofs of the cars, got all the passengers out. T. Stribbling, a prominent oil prospector, and the fireman are the only ones hurt, and their injuries are not thought to be serious.

GOV. LA FOLLETTE IS RECOVERING

Physicians Declare Wisconsin Governor's Condition is Improving, But Friends Fear Result.

Madison, Wis., Aug. 9.—It is now

THE BATTLESHIP WISCONSIN

nearly six weeks since Governor La Follette was taken ill with his old trouble, cirrhosis of the liver, and not since then has he been able to leave the executive residence. It has been hard to learn his true condition and many alarming rumors have been circulated, but now his physicians say positively he is on the road to recovery. However, his friends are still apprehensive and fear serious results if he persists in overworking.

PANIC ON EXCURSION SHIP.

Steamer's Main Deck on Mississippi Gives Way, Injuring Many.

St. Louis, Mo., Aug. 9.—While the steamer Hill City, carrying the Jefferson club's stag excursion party, was on the downward trip last night a large section of the main deck gave way and fell several feet, causing a wild stampede among the excursionists. Several hundred persons were assembled on this deck and more than a thousand were on the deck below when the crash came. In the mad rush for safety which followed one man had his leg broken and several others were badly bruised. Several belted on life-preservers and leaped into the river. The excursion was immediately declared off and the boat returned to the city. The crowd was badly shaken by the accident and Judge Pollard and Secretary Mallard of the Jefferson club thought it safest to prevent any further possibility of accident. The accident occurred while preparations were being made for a vaudeville entertainment on the main deck. Just as the first act of the vaudeville was about to commence there was a sudden crash of woodwork and the main deck fell with its occupants for several feet.

John E. Winey and Mrs. E. H. Winey returned home from the Buffalo exposition this morning.

MUST HOLD PHILIPPINE ISLANDS; NATIVES GROWING MORE FRIENDLY

General MacArthur Feels Very Hopeful Over Outlook—Army and Navy Must Remain Some Time.

Washington, D. C., Aug. 9.—Interesting statements regarding conditions in the Philippines and the outlook for the suppression of the armed resistance to the United States are the chief features of Major General MacArthur's report as Military Governor of the islands.

It is the opinion of General MacArthur that the Filipinos will, in time, realize that the United States is their friend, but in the meanwhile the armed bands of guerrillas will cause trouble and a well-organized army and navy must be kept in the islands to maintain order.

General MacArthur gives the following statistics from May 5, 1900 to June 30, 1901 (during which time there were 1,026 contacts between American troops and insurgents), which show the casualties on both sides:

Americans—Killed, 245; wounded 490; captured, 118; missing, 20. Insurgents—Killed, 2,584; wound-

WISCONSIN WILL GO TO PANAMA

Warship Gets Hurry Orders to Go on Voyage to Colombia.

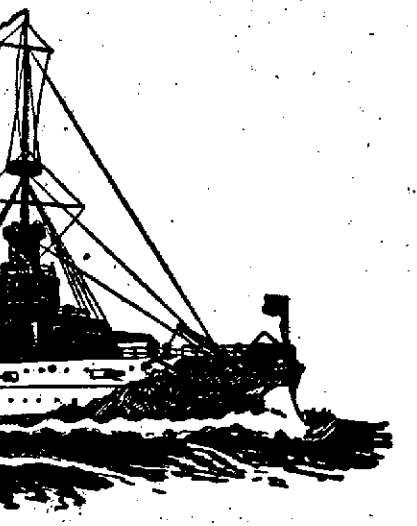

REACHED A CRISIS

United States Bound to Maintain Freedom of Transit Across the Isthmus.

ALARMING REPORTS IN

Willemstad, Island of Curacao, Aug. 9.—The Venezuelan government announces that a new Colombian invasion occurred yesterday near Colon and that the invaders are led by the Colombian minister of war.

Washington, August 9.—Freedom of transit across the Isthmus of Panama will be maintained by the United States at all hazards. Be-

THE BATTLESHIP WISCONSIN

sides sending the gunboat Machias to Colon, the battleship Wisconsin has been instructed to proceed to San Francisco, where she will be held in readiness for immediate departure for Panama. Should the situation become serious vessels of the North Atlantic squadron, now undergoing evolutions in New England waters will be hurried to Colon.

Now in Puget Sound
The Wisconsin is now in Puget Sound awaiting a chance to enter the dry dock at Bremerton, which is now occupied by the Iowa. She will not wait to have her bottom scraped and cleaned at this time. The order sent this morning by Commander Cowles, acting chief of the bureau of navigation, is emphatic in its direction that she sail without loss of time and the Wisconsin will be able to steam about 250 miles per day and her voyage will consequently occupy about eighteen days.

The Wisconsin is under command of Captain G. G. Reiter, who is particularly known in connection with Central American matters because of the part he played in the celebrated Bermuda affair, while in command of the United States steamship Thetis.

A Significant Move
The dispatch of a battleship is especially significant, though the naval authorities minimize its importance by the statement that the Wisconsin is the only ship available. The Alert and Mohican are training ships and have large crews aboard, but their men, it is asserted, are not yet accustomed to naval routine and discipline. At the same time the presence of a battleship at Panama will undoubtedly have a wholesome moral effect, and in selecting her for the duty the department undoubtedly took this point into consideration.

Has Powerful Battery
The Wisconsin has a battery of four 12-inch guns, fourteen 6-inch rapid-fire guns, sixteen 6-pounders, six 1-pounders, four machine guns and one field gun. She has a commissioned force of forty-five officers

(Continued on Page 6.)

MISS MARY CHASTINA HOLT BECOMES THE BRIDE OF HENRY S. RICHARDS

The Bride Made a Fair Picture in Her Handsome Gown of White—Details of Wedding Event.

If a beautiful wedding day is as certain an omen as it is a happy one of a life of joy and sunshine then indeed does the future hold in store for the bride and groom of last evening that full measure of good things which their many friends wish for them. No day this summer has been prettier than the one on which Miss Mary Chastina Holt, of this city, became the bride of Henry S. Richards, of Iowa City, Ia.

While not a large affair the wedding was perfect in the simple elegance of the detail which made it one of the most beautiful ever held in a Jansville home. The guests were limited to those who are closely connected to the high contracting parties and the entire wedding party included only fifteen people.

The marriage vows were exchanged at the home of the bride's mother, Mrs. Jane E. Holt, 201 Park Place. There were no set floral decorations but the parlor was beautiful with palms and ferns and great bunches of bride's roses whose fragrance filled the air with sweet perfume. In the library just beyond were also stately palms and roses, only the flowers were pink instead of white as in the parlor.

It was a six o'clock wedding and the bride made a fair picture in her handsome gown of thin white, richly trimmed with rare lace. Her sister, Miss Harriette Holt, was maid of honor and she also wore a becoming gown of white over a blue underslip.

Little Mary Elizabeth Bennett, of Mount Vernon, Ia., niece of the bride, was flower girl and she carried the honor with as quaint a dignity and as pretty a manner as that with which she bore the wealth of bride's roses which filled her arms. The little flower maiden wore a dainty gown of white.

Another pretty assistant at the ceremony was the ring bearer, Master Howard Holt, nephew of the bride. He was daintily dressed and carried a white satin cushion on which lay the golden circlet which custom has made the symbol of woman's right to the name of wife. The groom was unattended. Rev. A. H. Barrington, rector of Christ Episcopal church, read the impressive marriage service and Charles G. Holt, of Waverly, Ia., brother of the bride, gave the bride away. When the nuptial blessing had been pronounced and the young couple who had just undertaken life's most solemn obligation had been heartily congratulated, the wedding party repaired to the dining room where an elaborate wedding dinner was served. The dining table was exquisitely decorated with deep red rushes which blended with the furnishings of the room. Broad bands of white satin ribbon, intertwined with the delicate tracery of smilax and asparagus fern, were looped from the central chandelier to the corners of the table. The floral decorations enhanced the beauty of the dinner service of fine china, cut glass and silver.

The wedding dinner was served by Caterer George A. Shurtleff, who had entire charge of the feast of delicacies. It was an elegant dinner of seven courses and was faultlessly served.

Both the bride and groom are prominent in educational circles and have many intellectual ties in common. The bride was graduated from the Waverly High School, Waverly, Ia., in the class of 1898. Later she completed the course at the University of Iowa, receiving her diploma in 1899. After her graduation she came to this city where she was teacher of literature in the high school for five years. Last year, to the regret of all who knew her, she resigned her position to accept a much better one as teacher of English in the East Division High School, of Milwaukee, where her work for the past year received much commendation. She was further honored by being selected as a state institute conductor for two years and was considered as one of the best in that line of work. Her work has brought her in touch with many of the foremost educators of the country and their commendation leaves no room for doubt but that a brilliant career would have been hers had she chosen to continue in educational work of a public nature. But she chose a higher, nappier mission, that of presiding over a home of her own and those who know her home-loving nature are pleased with her choice. Personally, she is one of the most charming of women, and her thoughtful kindness, ready sympathy and gracious manner have made a host of sincere friends in this city who will regret her departure while they rejoice in her happiness.

The gentleman whom she has honored with her love is in every way worthy. A graduate of the University of Iowa in the class of 1892 and of the Harvard law school in the class of '95, he began the practice of law and continued the practice at St. Louis and Ottumwa, Ia. He then received the appointment of professor in the college of law at the University of Iowa, a position which he has held for two years, winning the respect and high confidence of all those interested in the university. So high does he stand that when the chancellorship of the law school was vacant, he was brought forward prominently as a candidate for the position. In fact, he was the only rival of Prof. Gregory, of the University of Wisconsin, who was finally appointed dean of the Iowa institution.

Mr. Richards is the only son of Mr. and Mrs. J. W. Richards, of Osceola, Ia., and stands high in the social and university circles of Iowa City, into whose congenial society he will take his bride. Mr. Richards' parents were prevented from being present at the wedding by the illness of his mother.

Mr. and Mrs. Richards left last evening on the 7:15 train for Chicago. After spending a few days in that city they will go to Colorado, where they will visit places of interest until the groom's duties recall him to Iowa City. On the 21st of August he is to read a paper before the National Bar Association which meets in Denver. The honor of appearing on these programs is one which is highly prized by those upon whom it is conferred.

Mr. and Mrs. Richards will not go to housekeeping this year, but expect to build a home of their own next fall. The happy bride received many handsome presents, remembrances of the affection of friends who hope that the future may be as bright and prosperous as it promises to be.

GETTING THE WORK STARTED

Grading Begins on Electric Road and Equipment Is Ordered

H. H. Clough, president of the Beloit, Delavan Lake and Jansville electric railway company arrived in the city this morning from a trip east, and brings the news that the electrical equipment for the new road has been ordered and will be shipped as soon as ready. It includes the very latest designs in cars and other equipment that will go credit to the road.

Mr. Clough says that grading was commenced near Rockford on Monday and the work is well under way. Engineer Knox who will have charge in the construction of the power house and the installing of the machinery will soon have his plans completed and the work on the building will commence within a month and everything will be completed this fall—Beloit News.

Deserting La Follette Machine

The great gathering of republicans in Milwaukee to formulate plans for the reorganization of the republican party in Wisconsin was a surprise, even to some of the so-called stalwarts. Of the seventy odd representative men in attendance at least four were formerly leading followers of Robert M. La Follette. Their political fortune depended upon one another; they agreed upon everything—principally, however, that La Follette should be governor—and their presence now in the camp of the enemy of La Follette is the wonder of the hour. But what will the names signed to the declaration of principles or platform of the new organization when it is published next Wednesday? It is promised that it will be a revelation; that the organization of La Follette will find that some of its main supports have fallen, and that it is up against one of the strongest regiments of political giants that were ever organized. It will read no denunciation, for the declaration will contain nothing of the kind—simply a statement of the aims and intentions of the party in the future, and the reasons for its existence.—Chicago Inter Ocean.

Kick on Pleasant Street.

The property owners on Pleasant street are making a big kick as to the condition the street is in from River street to High street. They claim the street is not half finished and every time there is rain their sidewalks are flooded and that the center of the street is a perfect mud hole.

This was one of the streets that John Martin had the contract for building and the property owners claim it should never have been accepted by the city as it is not built according to contract.

During the storm yesterday afternoon the sidewalks along the street were flooded in many places. The gutters not being large enough to carry off the water.

The council will be called upon to take some steps to have those defects repaired.

W. E. Tolles of Evansville, called on friends in this city yesterday.

NEWS OF THE COUNTY

HARMONY.

Harmony, Aug. 8.—It is still warm and dry and rain is greatly needed. Mrs. Angeline Wilbur of Milton is visiting relatives and friends in this vicinity.

Joe Arnold returned to his home in Jansville on Monday.

Several of our young men are contemplating a trip to South Dakota. Spaulding's Lake still seems to be quite an attraction. Many people visit the lake every day.

The Harmony No. 7 L. T. L. will meet Wednesday p. m., Aug. 14 at three o'clock at the school house in District No. 7. Every one invited.

WEST PORTER.

Threshing is all finished in this vicinity.

Those from here who attended the Monona Assembly report a good program.

Mr. and Mrs. W. M. Tolles were guests of relatives near Oregon last Monday.

Miss Bertha Barnard of Evansville visited her sister, Mrs. John Sperry a few days of last week.

Mr. and Mrs. Chas. Story of Evansville was guests at Chas. Weary's over Sunday.

Mrs. Cora Sperry is visiting at her grandmother Sperry's.

Mr. John Gilbert of Oregon was a guest of W. M. Tolles' Tuesday.

A large number from this vicinity and Evansville attended the T. A. and B. picnic at Edgerton, Wednesday.

Little Leon Russel of Chicago is visiting his cousin, Russel Weary.

W. M. Tolles was a Madison visitor Wednesday.

LEYDEN.

Leyden, Aug. 8.—Weather remains dry with strong south-west winds today. Has been in north-west and shifting to south-west after three days and two previous days was blowing from north-west and was real cool, which has at least given relief from sufferings from heat. A heavy white frost was noticed Monday morning. No harm came from it.

Business has been made pretty and poor light crop.

Many threshing machines are around town. The threshing is a pretty short job this year.

A car of hogs are to be shipped by Donkle & Shaw today.

Mr. Walter Little is reported as improving nicely and hopes are entertained that he will be out again soon.

The butter shipments are getting lighter each Friday on account of poor pasture.

The station grounds have been paired.

TOWN OF JANSVILLE.

Town of Jansville, Aug. 8.—E. E. Burdick attended the funeral of the late R. S. Waite of Afton, Sunday afternoon.

J. McKenan and family spent Sunday at the home of Walter Britt.

James Scott was a caller at John Little's Sunday.

Frank Koen and family visited with Eugene Smith and family at Shopiere on Sunday.

Edna and Bertha Chase are spending a week with their uncle, A. H. Bemis and family.

John Passch e and wife visited with Chas. Eller and family Sunday.

Mr. Lloyd and daughter, Mrs. Dunlap, were callers at Frank Welch's Tuesday.

The house on the farm 'eloning to the C. M. Church estate is being reshingled.

Patrick Tracy had threshers Monday.

The town board were in these parts on Wednesday inspecting the roads.

WILLOWDALE.

Willowdale, Aug. 8.—Quite a number from here attended the picnic at Edgerton last Wednesday and report a good time.

Mr. George Hatton and Mr. George Caryell left last Tuesday for an extended trip through Minnesota and the Dakotas.

Mr. Fred Caryell of Jansville, spent the fore part of the week at G. Hatton's.

The local ball players met defeat Sunday. They run up against a combination of surrounding nines including Porter, Evansville, Stoughton, Cooksville and Edgerton, and their catcher was Bass Creek's famous catcher. The game took place at Leyden and lasted one hour and eleven minutes, the score being 4 to 7. One of the Willowdale men made a wild throw which let the other team score three runs. The teams will meet again in the near future.

Messrs. Fred and William Marche of Jansville visited Mr. George Goldsmith last Sunday.

Unless rain comes soon the corn crop here will be a failure.

Miss Addie Spoon of Richland Center is the guest of her sister, Mrs. George Hatton.

Threshing machines are getting to be quite numerous. There are five rigs within a radius of four miles.

Willie People and F. L. Wise attended an ice cream social at the home of Henry Phillips near Footville last Tuesday night.

(Continued on page 5.)

J.M. BOSTWICK & SONS.
THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST., JANSVILLE, IOWA
WE KEEP THE FINEST STOCK OF

Foulard Silks

are down. To make a clean sweep of every yard of Foulard Silk in our stock we have put them into two lots and offer them until sold at 65c and 45c. They.... will eagerly be snapped up, for such beautiful Foulards.. at the figures we mention cannot be made for the prices at which we are offering them. We show them in the satin finish and fine surah weave; a large collection of very choice patterns in all colors and black with white figures.

65c and 45c grades now

Women's and Misses' Tailor-Made Suits

As an extra inducement to buy a Suit we are offering ours at greatly reduced figures. Have almost any price Suit one might desire and desirable styles to select from.

THE ACT

is the right time. The right time to act is right away if you would secure some right smart bargain in Summer Goods.

Parasols

for these hot, dazzling days—pretty summer novelties for both women and children, can be bought for little money. We offer them all at first GOST.

Wash Goods

are fast disappearing. The styles of most of them are not so extreme that they will look "out" if worn another season. Buy a dress now at the reduced figures, you can wear it for two months yet.

All Remnants at very low prices to close them out.

Shirt Waists

are good all winter. Buy all you want of them while they last. Ours are so different than many of the factory made waists; the styles average good, they fit nicely, and are made by experts.

At 75c

a large assortment of colored waists, formerly \$1 and \$1.25, about what the material would cost. Others at 40c, 55c, \$1, \$1.75, about half the former prices.

80c

for pretty white waists; others \$1.15 and \$1.65—all very much less than they were.

We Enjoy Talking

about our beer, because it deserves all the good things we can say about it. Our customers talk about it. Kept handy at home it adds to health and comfort these summer days. By the case:

Two dozen pints \$1.00
Two dozen quarts 1.75

SALES OF REAL ESTATE

During the month of July Rock County property to the amount of \$139,963 changed hands. During that period sixty deeds transferring this property were filed with register of deeds, O. D. Rowe, for record.

The largest sale recorded during the month was that of E. F. Woods to the City of Jansville of the property on Main street for a library site, for which \$20,000 was paid by the city.

The largest sale of farming lands was made by Alexander Caldwell, who sold to James S. Roberts about 280 acres of land at a little over \$52 per acre, the sale price being \$14,700.

Daniel W. Woodward sold 160 acres in the town of Bradford to August Henshel for \$10,400. Kent Synstegard sold to Sever Synstegard lands in the towns of Plymouth, Avon and Spring Valley, the purchase price being \$9,000.

Numerous other transfers of property were made during the month where the purchase price ranged all the way from \$2,000 to \$7,000. Taking it altogether it shows an active demand for city and county property at good prices.

In spite of the dry weather and other draw backs a man that owns a good piece of Rock County real estate can always dispose of it at a good round figure. Although this year the drought has hurt all crops and cut the yield down to less than

LATE TELEGRAPHIC NEWS

FACES DEATH IN THE SKY

Aeronaut Santos-Dumont Nearly Killed in Paris.

FALLS TO ROOF OF HOTEL.

Quickly Sails from St. Cloud to the Eiffel Tower and Circles It Before Disaster—The Most Thrilling Fall from the Clouds Paris Ever Saw.

Paris, Aug. 9.—M. Santos-Dumont, the aeronaut, tried again for the Deutsch prize and met with an almost fatal accident in the morning. With the wind with him, he sailed from St. Cloud to the Eiffel Tower like a sky-rocket. In seven minutes he rounded the tower all right, with his airship perfectly controlled. The wind was strong against him on the return and his motor acted badly. The supporting wires tore out the eyelets, this ripping the balloon, which dropped violently. Santos-Dumont rose 2,000 feet in the air to find calm, and failed at that height. With a jump the balloon stopped and began deflating. The propeller caught in the sagging wires, tearing a great hole in the silk. A thrilling fall followed, but Santos-Dumont never lost his head. He shifted the guide rope to the stern, making that fall first, as his basket was in the bow. The air ship so fell down the long incline toward the Trocadero hotel. The balloon crashed down as though through a chute. Santos-Dumont tried to reach the river, but failed. At the last second, while falling like a shot on the high hotel, the aeronaut threw down his sand baskets and the balloon frame slid over the roof edge, the limp balloon dragging after it. Luckily the silk caught on the chimney and held, else Santos would have been killed in the courtyard, eighty feet below. Many rescuers hurried to the hotel roof. Midway between roof and pavement the machine had caught and the daring aeronaut was safe. Santos-Dumont asked for a cigarette and said he was unhurt. Firemen pulled him to safety. He was wildly cheered by hundreds and many women embraced and kissed him. The balloon machinery was not much damaged. Santos-Dumont says he will repair the balloon and continue his trials. It was the most exciting fall from the clouds Paris ever saw. Only Santos-Dumont's amazing coolness saved his life.

Steamer Sinks: Seven Drown.
Queensdown, Aug. 9.—The White Star line steamer Oceanic, Capt. Cameron, which sailed from Liverpool yesterday for New York via Queensdown, arrived here this morning and reported having been in a collision last night in the Irish channel with the steamer Kinkora of Waterford, Ireland. The Kinkora sank and seven persons were drowned.

Eighty Cannibals Killed.
Brisbane, Queensland, Aug. 9.—The German punitive expedition sent to avenge the massacre of Dr. Mencken and other members of the first German south sea expedition on the cannibal island of St. Mathias, landed from the German cruiser Cormoran near the scene of the massacre, killed eighty natives and captured seventeen.

Joseph Farndale Is Dead.
London, Aug. 9.—Joseph Farndale, who was chief constable of Birmingham at the time of the Fenian movement, in which Egan, Daly and Gallagher were concerned, died this morning. It was alleged at the time that Farndale hatched the conspiracy.

Boers Capture a Small British Post.
London, Aug. 9.—Lord Kitchener, in a dispatch from Pretoria today, announces that a post of twenty-five men belonging to Steinacker's Horse, on the Sabi river, has been surprised and captured by the Boers.

Grandstand Falls Down.
Paisley, Scotland, Aug. 9.—At the race meeting here today the grandstand, which was crowded with people, collapsed. Many persons are reported to have been injured.

English Imports Increase.
London, Aug. 9.—The board of trade statement for the month of July shows an increase of \$2,764,700 in imports and a decrease of \$164,800 in exports.

To Wed an American Girl.
New York, Aug. 9.—The World says: An international romance will reach its climax shortly by the marriage in Rome of Sig. Carrado Menicenti, a distinguished Italian, and Miss Rising, an American girl. Miss Rising, who is the daughter of Prof. W. B. Rising of the University of California, has been traveling abroad for some time, spending last winter as a member of the American colony in Rome.

Cheap Rates to New York City and Return.

Excursion tickets will be sold daily until Oct. 20 to New York city and return with favorable time limits, allowing stopovers at Buffalo and other prominent points. For rates and other information enquire at C. & N. W. ticket office.

THE OBITUARY RECORD.

Prominent Springfield Doctor Dead.
Springfield, Ill., Aug. 9.—Dr. Hiram O. Bolles, one of the most prominent physicians in Springfield, is dead at his home, aged 63. After graduating from the University of Pennsylvania, medical department, he entered the federal army and served through the civil war. He was a surgeon at the military hospital at Savannah. He was a member of the Springfield city council and for fifteen years president of the board of water commissioners.

Kin of Ex-President Dies.
Jacksonville, Fla., Aug. 9.—Dr. Martin C. Cleveland, who claimed to be a first cousin of ex-President Grover Cleveland, died today in South Jax, a suburb of this city, where he has been living since the fire of May 8, when he lost all his possessions. Dr. Cleveland came here about twenty years ago from Chicago, where he was a successful dentist. Later he married Miss Nettie Biglow. His investments here were unfortunate, and of late he lived in poor circumstances.

Ex-Gov. Newell Is Dead.
Allentown, N. J., Aug. 9.—Ex-Gov. William A. Newell, founder of the United States life saving service and first Republican governor of the state of New Jersey, died here. He was 83 years old.

THE FIRE RECORD.

Flames at Galveston, Ind.
Logansport, Ind., Aug. 9.—Fire at Galveston, sixteen miles south of here destroyed the Methodist church, recently completed at a cost of \$5,000, the residence of Mrs. Minerva Fickle with a loss of \$2,000, and four barns belonging to Mrs. Fickle and Charles Lott. The fire was started in the barn of Mr. Lott by boys playing with a bonfire, and for a time the entire village was threatened with destruction. The total loss will reach \$10,000. Mrs. Fickle's property and the church were partially covered by insurance.

Rained by Well on Fire.
Hartford City, Ind., Aug. 9.—The strongest gas well that has been found in this section in two years was being equipped on the McEldowney farm, four miles west of here, when it caught fire and destroyed the derrick and all the machinery. Cox & Aylsworth, the contractors, were drilling the well for the Progress Oil company and had just installed a new cable at a cost of \$400.

Big Blaze at Cincinnati.
Cincinnati, Aug. 9.—The western end of the Emery Arcade, extending from Vine to Race street, was damaged by fire. Quite a number of the small stores in the Arcade were damaged. The losses aggregate less than \$100,000.

Shot His Daughter and Wife.
Louisville, Aug. 9.—Clements Buchter, a chairmaker, this morning shot and killed his daughter Irene, aged 19, and wounded his wife. It is alleged that Buchter had been mistreating his child, when she called her mother. Together the women tried to restrain the father, who drew his revolver and began shooting. The daughter was shot through the heart and instantly killed, and the mother was shot through the hand. Buchter was arrested. He refuses to talk.

Excursion tickets will be sold to Camp Douglas and return on special train only, for \$1.50 round trip. Train leaves Janesville 7:00 a. m. via Chicago & Northwestern Ry., Sunday, Aug. 11.

IRELAND AS MEDIATOR.

Archbishop May Take a Hand in Settling the Steel Strike.

New York, Aug. 9.—Archbishop Ireland, who has on several occasions taken position as mediator in strikes, is said by the Herald to be moving to bring the steel strike to an end. According to a Michael Walsh of Fort Hamilton, L. I., a friend of the archbishop, the prelate has been at work with this end in view for some days. It is said that an appeal was made to him by Archbishop Ryan of Philadelphia and that he has been in this city for several days seeking to use his influence to avert the crash. He has, it is said, seen, or will see, Mr. Morgan. Mr. Walsh said the archbishop will also see Senator Hanna. Archbishop Ireland spent last night at Hartford, Conn., but is expected in New York today.

The Times says: "When the United States Steel corporation was formed a number of not entirely desirable properties were taken over and not discontinued, so as to avoid inviting possible litigation and inimical legislation. It is now intimated that such of these plants as are closed may never be reopened, the company picking some of the men for work elsewhere and gradually removing machinery to other plants."

Allegheny Mill Is Started.

Pittsburg, Pa., Aug. 9.—The "farm" mill of the Lindsay & McCutcheon company in Allegheny was started at 7 o'clock this morning with nonunion men. Early yesterday afternoon the fires were lighted and everything was placed in readiness for resuming work. No opposition was met with from the striking mill men, for almost to a man they are working in other union mills. They were away with their work when the "farm" mill was started. Guards patrolled every entrance to the mill and it was next to impossible for a stranger to gain admission while the preparations for starting were being made. The mill that was put into operation is a finishing mill and manufactures half-inch steel hoops. It is one of the three finishing mills in the Lindsay & McCutcheon establishment. There is another mill in the works which turns out billets, but neither it nor the other two finishing mills were started this morning. It is reported that an attempt will be made to start these just as soon as men can be secured.

Gompers Reaches Pittsburg.

President Samuel J. Gompers of the American Federation of Labor has arrived here to confer with President Shaffer of the Amalgamated association. The Steel corporation counts the reopening of the Lindsay & McCutcheon mill a material victory over the strikers, while the latter insist that the company has not sufficient men to keep the mill in operation. There was no disturbance over the reopening of the mill. Most of the men who struck at that mill have found places in independent plants and when the start was made there was nobody on hand to offer opposition. The steel officials are elated at their success at the Wellsville, Hyde Park, Clark and Lindsay & McCutcheon plants and are preparing to open other mills.

Clark Nine-Inch Mill Going.

The nine-inch mill of the Clark plants, 15th street, Lawrenceville, opened this morning with forty-two men. It is claimed by the company that this makes the total number of men in the mill 463 and leaves but one mill idle. It is said the nine, ten, twelve and twenty inch mills are now working full turn. All the men employed are nonunion. By Monday morning the management says the eight-inch mill will be running and the plant will be in full operation. But few strikers were seen about the place and everything was quiet. Capt. Louis Brown of the mill said that the report concerning the men sleeping in the mill was unfounded. He said they left when their work was completed and returned in time for the turn and that the strikers were not molesting them. He said further that the work turned out by the men yesterday was up to the standard and that not a bar of material was lost, something remarkable, he claimed, in a mill where men who have not worked together before are employed.

SUDDEN DEATH OF JOHN CUMMINGS

DECEASED WAS ONE OF THE PIONEERS OF THE STATE.

Came to This State in 1837 and Settled Near Geneva Lake. Served in the Civil War and Settled in Janesville in 1867—He Was Well Known and Popular.

One of nature's noblemen passed over death's borderland this morning at 2:25 o'clock when John Cummings closed his eyes in the sleep which knows no waking in this life. His death occurred at his home, 173 Washington street, after a very brief attack of heart failure.

Although nearly eighty-six years of age, Mr. Cummings was bright and active, retaining all of his faculties and able to do a little work in caring for the yard around his home until a few hours before his death yesterday morning. He was sitting in a chair on the lawn, apparently in his usual good health. About ten o'clock the aged wife noticed that something seemed to be wrong and went to him to find that his life was fast slipping away. His sight was already gone. She called for assistance and Mr. Cummings was taken to the house and a physician summoned but the aged gentleman sank rapidly until the end came.

Deceased was one of the pioneers of Wisconsin and was one of the best known and sincerely beloved old gentlemen in the city. His kindly nature made many friends and his enjoyment of life was very keen. A native of Scotland, he possessed all the sterling virtues of his race. He was born in Scotland, December 15, 1815, and when a young boy came with his father's family to Canada where he lived for a few years. He then moved to Vermont where he became a cotton mill operator, a business which his ancestors in Scotland had followed for generations.

In 1837 he came to Wisconsin and settled near Geneva Lake. He took a claim of wild land and was one of those early pioneers who did so well their part in reclaiming the wilderness and transforming it into the beautiful state of Wisconsin. When the California gold fever broke out in 1849 he took a team of oxen and a covered wagon and joined a train of fifty similar outfits which made the trip overland to the western Eldorado. He remained in California for six years where his efforts met with indifferent success and in 1855 he returned to his Wisconsin farm, close to the Illinois state line.

During the civil war he enlisted with the 153 Illinois volunteer infantry and served his country bravely and well. At the end of the war he returned to his Wisconsin home again and two years later, in 1867 he moved to Janesville where he has since resided. For several years he was foreman of the spinning department of the woolen mills and after that for over fourteen years was janitor of the Washington school. In this position he won the love of the teachers and pupils and was especially popular with the children of whom he was very fond.

In 1844 he married Miss Sarah T. Smith of McHenry county, Ill., who has been his devoted companion during all his joys and sorrows and who still survives. Mrs. Cummings is a bright cheerful woman of eighty-one years and upon her bereavement falls most heavily.

Seven children, five of whom are living, were born to Mr. and Mrs. Cummings. Those who are left to mourn the loss of a loving father are the three sons, D. S. Cummings, of this city; John C. Cummings, of Fort Atkinson; and Hiram Cummings, of Decorah, Iowa; and the two daughters, Mrs. Hilda Truax, of Harvard, Ill., and Mrs. Anna Harlow, Point Richmond, Cal.

Arrangements for the funeral will not be made until Mrs. Harlow is heard from. Mr. Cummings was a highly honored member of the Grand Army of the Republic and of the Masonic order and both organizations will be present at the funeral.

WAS ARRESTED FOR SHOOTING AT A DOG

Charles Frytag, residing at 301 Locust street, was before the municipal court this morning on the charge of shooting in the city limits. Frytag would not plead to the information so Judge Fifield entered a plea of not guilty for him and adjourned his case until Saturday August 17.

Frytag tried to kill a dog which he considers a nuisance by attempting to shoot it with a revolver. Unfortunately he missed the dog and its owner swore out a warrant for his arrest for shooting within the city limits.

St. Mary's Social.

The members of the Young Ladies' Sodality of St. Mary's church were kept busy last evening attending to the demands of the patrons of their ice cream social, which was given on the beautiful lawn at the home of Miss Lahlie Foster, corner of East Milwaukee and Wisconsin streets. The lawn was handsomely decorated in the customary way with Japanese lanterns and head lights, which brilliantly illuminated the pretty gathering. Smith's orchestra furnished exquisite music during the evening, and several vocal solos by George Hatch added greatly to the pleasure of the occasion. Ice cream and cake were served at small tables, and as a result of the social the young ladies realized a neat sum of money which will be added to their contribution toward the building fund for the new church.

BUY A FOULARD SILK.

Quite a number have bought. Reduced prices are 65c and 45c. You may wait too long. J. M. BOSTWICK & SONS

Coffee that possesses strength and flavor and is still reasonable in price. That coffee is still Richheimer's that is roasted by electricity. A e prices range from 15 to 40 cents per pound. Richter Bros.

Members of Company I will go into camp at Camp Douglas tomorrow. A number of companies from surrounding towns will meet here Saturday morning and a special train will carry the militia to Madison, leaving this city at 10 a. m.

Those afflicted with troubled eyes who want the advantage of visiting an eye specialist who has all the late and scientific appliances for accurate eye testing, should call on W. F. Hayes, with F. C. Cook & Co. Mr. Hayes has had several most difficult cases of late. His office days in Janesville are every Saturday and Monday.

E. A. Jacks of Chicago, who formerly resided in this city and owned the house which is now the property of Alex. Galbraith on East street is in the city for a visit. Mr. Jacks is now a member of the E. A. Jacks Co. of Chicago, dealers in paper. He notes many improvements in the city since he was here last.

Someone has appropriated a quantity of lead pipe from the house which J. M. Bostwick purchased and is moving from the city library site. When the house was made ready for its journey up the hill the lead pipe was cut several feet from the floor. During the night some one with an eye open to the value of the pipe has cut off all the sections close to the floor. The loss is quite a material one.

R. J. Bean and wife returned Wednesday from Lake Koshkonong, where they have been camping the past two weeks in company with Dr. Glenn and family of Chicago, A. M. Glenn and family of this city, Mrs. Grace Cary and daughter of Johnston, Miss Hazel and Rena Dewey of Janesville, Miss Richardson of Iowa and Mark Place of Milton. Dr. Glenn and family return to Chicago this evening. The party numbered fourteen. Two cottages, one tent and a "Merry-go-round," canvas for their abiding place, and fish three times a day was the bill of fare.

The passenger department of the Chicago, Milwaukee and St. Paul railroad has issued a book of beautiful and interesting landscape scenes along the line in Wisconsin. It contains forty-two four by six half-tone engravings of the beauties of Oconomowoc, the Dells of the Wisconsin and the upper Mississippi river near St. Paul and Minneapolis. It is a work of art and reflects great credit on the road that issued it. From the present indications about town a large number of people will take advantage of the excursion to the Dells next Sunday.

WILLARD TARRANT TAKEN BY DEATH

QUICK CONSUMPTION AND HEART TROUBLE THE CAUSE.

He Was Twenty-Seven Years of Age, and One of the Best Known Young Men in Rock County—His Death Will Cause Deep Sorrow in Many Homes.

After an illness of about a month's duration, Willard Tarrant passed peacefully into the life everlasting this morning at 2 o'clock. His death occurred at the home of his parents, Mr. and Mrs. Henry Tarrant, on Ruger avenue, and was the result of a combination of quick consumption and heart trouble.

Deceased was twenty-seven years of age and was one of the best known and most popular young men in Rock county. The greater part of his life was spent on his father's farm in the town of La Prairie. Last fall Henry Tarrant sold his farm and moved to this city. His son, Willard, who had been engaged in farming with his father, went to Chicago with his family early last spring and engaged in the steam heat business.

Shortly afterward his health began to fail and on July 4th he and his family came to this city to visit his parents. Nothing serious was thought of his condition then but from that time he failed so rapidly that all thought of his returning to Chicago was abandoned. Everything that medical skill and loving nursing could do was of no avail and the life of bright promise came to an end early this morning.

Deceased was a member of the Shopiere camp of Modern Woodmen of America. He had many friends throughout the county and his death will cause sincere sorrow in many homes. He leaves a wife and two small children, a boy six years old and a girl who is only two years of age. A little son died about a year ago and is buried in the cemetery at Turtleville. Deceased is also mourned by a father and mother and three brothers, E. C. Tarrant of this city, and Irving and Roy Tarrant, both of Milwaukee.

Funeral services will be held from the home on Ruger avenue, Sunday afternoon at one o'clock. The interment will be in the Turtleville cemetery.

Halsey Lane Dead.

Halsey Lane, son of Dr. Mary Lane Mansur, for many years a resident of this city, was accidentally shot at Marshall, Mo., and his injuries resulted in death. No further information was received, the telegram briefly announcing his death as the result of accidental shooting, being received by his uncle, Joshua Hoskins yesterday.

The sad news was telephoned by Mr. Hoskins to the home of Mr. and Mrs. J. A. Cunningham, of this city, with whom Mrs. Elizabeth Butler, an aunt of the deceased, makes her home when she is in the city.

Nothing was said concerning the bringing of the remains here so without doubt the interment will be made at Marshall where the family resides. Deceased was a manly young fellow about seventeen years of age and had many friends here where he resided until a few years ago. Besides his mother and a step-father one sister, Gaie, is left to mourn his tragic death.

HOGAN LIFTED THE JUDGE'S TIMEPIECE

Chief of Police Amuses Himself at the Expense of the Judge of the Municipal Court.

Judge Fifield has a beautiful sonnet watch charm in the shape of a small mud turtle carved out of onyx which is attached to his watch by a string like a fob chain.

This morning he had some conversation with Chief Hogan, during which time the chief watched his chance and lifted the watch. Judge Fifield was not aware that his watch was gone until some time afterwards when he wanted to see what time it was and discovered that both watch and charm were missing.

He hunted up the chief and accused him of taking the time-piece. The chief allowed him to search him but the judge did not find the watch. Finally after he had kept it for a couple of hours the chief returned it and the judge now has it pinned in his pocket with a large safety pin as he says it is necessary when the chief is around.

H. J. Eggleston won the one mile open bicycle race at the T. A. & B. picnic at Edgerton Wednesday. He has already won several races this year, and is developing into a fast rider. He rode an Allard wheel, and will receive a new machine from the company for winning the race.

GOLD THEFT SUSPECT TAKEN.

Former Employee of the Selby Smelting Works in Custody.

San Francisco, Cal., Aug. 9.—The police have now in custody a man known as "Buck" Taylor, who is suspected of complicity in the robbery of the Selby smelting works. He was employed in the works until about six weeks ago, when he quit work, saying that he was ill. He lived in a cabin half a mile away from the smelting plant and it is said he had been missing from Sunday night until he was taken into custody yesterday. He has been subjected to a rigid examination by the detectives.

It is also reported that men now in the employ of the smelting company are under suspicion, and with the facts they have in hand the police appear to be confident of being able to make further arrests within the next few hours. The authorities are disposed to believe that some experienced eastern crooks were connected with the robbery, owing to the clever manner of its execution. "Dick" Phelan, the paroled convict, who was suspected, has reported himself and claims to be able to establish an alibi. Special guards are now stationed at night in the neighborhood of the works, armed with shotguns. As a stimulus to the efforts of the army of detectives who are working on the case the Selby Smelting company has increased the reward offered from \$5,000 to \$25,000. The company places its exact loss at \$283,005.01.

Quail Hatched by a Turkey.

One of the most novel sights ever witnessed in Ohio in the way of rearing a family can be seen on the farm of Levi Wells, two miles east of Norwalk. An old hen turkey abandoned her own nest and took possession of a quail's nest in an old cherry orchard, and she has walked off the nest with thirteen healthy young quail, and she appears as proud of her young family as if they "walked turkey."—Columbus Evening Dispatch.

Evidently Slain by Husband.

Pottsville, Pa., Aug. 9.—The finding of the body of Mrs. Seth Davis, aged 49, with her skull crushed, near here is regarded as indicating that her husband, who hanged himself last Saturday, had murdered her. The couple were last seen together by their daughter last Friday, when they were supposed to be on their way to Pottsville. Only the man reached Pottsville, and there was a strong suspicion that he had made away with his wife. The suspicion was strengthened when the woman did not put in an appearance at the funeral of her husband.

Dies on the Way Home.

Chicago, Aug. 9.—John Foley, Jr., graduate of Harvard, while hurrying homeward from Boston died of consumption at Chicago. His sister Bertha will continue the journey with the body to the home of the parents at Claremont, Iowa. John had been employed by the government to assist in the coast survey.

Italian Diplomat Arrives.

New York, Aug. 9.—The Count di Mazza, new Italian consul-general at Montreal, has arrived here on his way to assume the duties of his position. The Countess di Mazza accompanies him.

The Dells of the Wisconsin.

The Chicago, Milwaukee & St. Paul excursion to Kilbuck to enable every one to see the wonders of the Dells. The excursion tickets include steamer ride on the river. A special train will leave Janesville at 7:40 a. m., Sunday and returning will leave Kilbuck at 6:30 p. m. This is an excellent opportunity for a trip full of instruction, enjoyment and recreation.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Itching piles? Never mind if physicians have failed to cure you, Try Doan's Ointment. No failure there. 50 cent, at any drug store.

Bridges rivers, tunnels mountains, bulldoz cities, gathers up the scattered rays of one's ability. That's what Rocky Mountain Tea does. 35c. Smith's pharmacy.

Miles Opposes Midway Dance.

Buffalo, Aug. 9.—It was said along the midway today that the War Department, prompted by General Miles, had communicated with the director-general, asking that the oriental theater dances be so modified that the West Point cadets, who are coming to camp at the exposition next week, could look on with perfect impunity.

Drowned While Canoeing. Bristol, Tenn., Aug. 9.—Jesse Harless and John B. Rust, each aged about 18 years, were drowned in the Holston river while canoeing.

Excursion to Oshkosh. The C. & N. W. R. R. will run a personally conducted excursion to this beautiful city, Sunday, August 11. Train leaves Janesville 8:00 a. m., returning leaves Oshkosh at 1:00 p. m. This city is situated at the head of Lake Winnebago, one of the most beautiful lakes in Wisconsin. Only \$1.50 for the round trip.

Former Priest Is Married.

Peoria, Ill., Aug. 9.—After an absence from the city since Easter Frank Huber and Miss Bertha Wagner returned today and informed their friends of their marriage. The announcement has created considerable of a sensation for the reason that the present Mr. Huber was formerly Father Bruno, the assistant at St. Boniface Roman Catholic Church. He decided to forsake the ministry, eloped with Miss Wagner and they were married. Both Mr. Huber and his wife refuse to say anything concerning their marriage.

Fine of \$200 for Ice Trust.

Topeka, Kas., Aug. 9.—Judge Lindsay of the police court today fined W. L. Dickey, manager of the People's Ice company, \$200 for maintaining a trust contrary to the city ordinance. Mr. Dickey appealed from the decision to the District court. A great deal of feeling has been aroused over the ice company's action in raising prices, and the trial was largely attended.

Fusion in Nebraska.

Lincoln, Neb., Aug. 9.—The Populist and Democratic state committees met yesterday and agreed to fuse this year. September 18 is the date set for the convention. Emissaries from the new third party movement in Missouri were present today and endeavored to win over the Populists. They were rebuffed. Bryan's lieutenants controlling both committees.

More Than Doubles Stock.

Lincoln, Neb., Aug. 9.—The Missouri Pacific system has filed amended articles of incorporation, signed by George J. Gould, increasing its capital stock from \$45,000,000 to \$92,000,000. The filing fee was \$4,501.50. The new stock is issued to permit the absorption of the Denver & Rio Grande and to complete improvements on both roads.

In Role of Mollie Pitcher.

New York, Aug. 9.—Kathryn Kidder signed a contract yesterday to tour as a star this season under the management of George H. Brennan and James B. Delcher in a new play by Glen McDonough, entitled "Mollie Pitcher."

Clean Bread

Can't be made by foul hands and clean, pure blood can't be made by a foul stomach. The blood is made by the stomach and organs of digestion and nutrition.

When these are diseased they contaminate every drop of blood made from the food they act upon, and this contamination is carried through the whole body. It may settle in the liver, kidneys, heart or lungs but the root of the disease is in the stomach. Cure the stomach and you cure the disease. Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition perfectly and permanently. It purifies the blood, and so by curing the cause of disease, cures many forms of disease in organs remote from the stomach. "For the past sixteen years I have had torpid liver and indigestion and tried many doctors and patent medicines but I could not get a cure," writes Mrs. Simon Suggs, of Clyde, Sabine Parish, La. "Three months ago I thought I would try Dr. R. V. Pierce's Golden Medical Discovery and his 'Pleasant Pellets.' I got six bottles of each and I received a good result in a week, and today I am cured and well. The symptoms were coated tongue, specks before the eyes, disposed to be cross and irritable, foul stomach, bad taste in the mouth, tired feeling, a feeling of dread or fear, headache, yellow skin, etc. These symptoms did not all appear at once. If sufferers from such troubles will take Doctor Pierce's Golden Medical Discovery and 'Pleasant Pellets' as directed in pamphlets wrapped in bottles, they will bring back the bloom of life as it did with me."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

KEEP YOUR BLOOD CLEAN

SSS
and OLD
PEOPLE

Bad Circulation is the cause of most of the ills that come with old age. With advancing years there is a decline of strength and vigor—the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much of its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body—these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation.

S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood and skin diseases. If you would like to have their opinion and advice in your case, write them all about it and you shall receive such information and advice as you want. This will cost you nothing. Others have found our medical department of great benefit to them—their cure being much more rapid as the result of some special directions received from our physicians.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it.

89 North Main Street.

WHAT DOES IT MEAN?

The above was copied from an ancient obelisk near Alexandria, Egypt. No one knows its meaning. Every man ought to know the meaning of the symptoms of nervous debility. It's a serious matter when the strength of manhood fails, when overwork or business worries sap all energy, when memory weakens, and the very brain begins to decay.

PALMO TABLETS

restore all elements necessary to rebuild the system. They create boundless energy, firm muscles, a clear, bright brain, and perfect strength.

50 cents a box, 12 for \$5.00. Guaranteed. Valuable book, free. Haislip Drug Co., Cleveland, O.

Tobacco Notes.

Growing tobacco under cheesecloth tents is an experiment which is being quite extensively made in Connecticut and other parts of the eastern tobacco growing section and the experiment has attracted much attention and occasioned a great deal of comment.

If present expectations are realized, the experiment will be tried in Rock county next year by at least one prominent grower and dealer of this city. Frank S. Baines expects to experiment with one acre of tent grown leaf next year and it is very probable that he will not be the only one to make the experiment. Mr. Baines is to take an extended eastern trip starting with his wife next Wednesday, and he originally planned to extend his trip to Connecticut in order to investigate for himself the success of the experiment which is being made in that state. Mr. Baines has given up the idea of visiting Connecticut however, not wishing to spare from his business here the extra time which the visit would necessitate.

More rains and plentiful ones are needed in this vicinity. While the tobacco outlook is encouraging for at least half of a crop and even a better percentage with favorable weather the danger is by no means past. In this section many of the fields are looking well and the plants

are healthy and thriving but there has not yet been rain enough to cause the rapid growth which is necessary for the final salvation of the crop. The plants are growing but not as fast as they ought to and growers are placing all of their hopes on a late fall. Even with plenty of rain from now on an early frost is apt to nip the plants in the bud.

Notwithstanding these discouraging facts which cannot be regarded as the outlook is much more encouraging than it was two weeks ago. Everything depends on favorable weather for the balance of the summer. Many of the growers find comfort in remembering the summer of '86 when a long drought was followed by plentiful rains and a late fall and the quality of the tobacco was all the better for its rapid growth.

In Douglas county where tobacco growing is a new thing there has been plenty of rain and the tobacco is as fine as any ever grown in the state.

Matters in the local tobacco market are very quiet. Dealers who have any quantity of 1900 leaf on hand are holding it, until the fate of the coming crop is decided. In proportion as it is a failure, the value of the old tobacco will rise and those who have any of last year's leaf feel sure they will make money by being slow to sell.

WISCONSIN WILL GO TO PANAMA

(Continued from Page 1.)

and an enlisted force of 496 men. She will therefore be able to land a large detachment, both for the protection of the City of Panama and the maintenance of communication across the Isthmus.

Colombia has not informed the state department that she is unable to protect communication across the Isthmus, and men will probably not be landed until she admits her inability to do so. The United States expects Colombia to take all the measures possible and then in case of failure the United States will step in.

Must Pay Legacy Tax in Year.
Washington, D. C., Aug. 9.—Commissioner Yerkes of the internal revenue bureau has held that a legacy tax must be paid within a year after the death of the testator, and in any event before payment and distribution to the legatees or any parties entitled to beneficial interest in the estate. Its assessment and collection, however, should not be enforced until the expiration of a year, unless distribution is sought to be made within that time.

Mayor Bars Humbert Play.
New York, Aug. 9.—Mayor Hinchliffe of Paterson, N. J., has issued orders to the Right of Existence group of anarchists that he will not permit the performance in that city of the advertised play depicting the murder of King Humbert. The mayor says he will in future take steps to prevent meetings of the anarchists such as the one held recently to glorify Bresl.

Carrie Nation Is Set Free.
Topeka, Kan., Aug. 9.—Mrs. Carrie Nation was released from jail last night, enough money having been raised by the temperance people here to pay her fine. Mrs. Nation will go to Atlantic City next week.

Frost in North Dakota.
Bottineau, N. D., Aug. 9.—There was a general frost in this neighborhood last night. It caused some damage to late wheat in low lands, but did no other harm.

Tent Used by Dowager Empress.
The Naval Museum in Paris has received the tent used by the Dowager Empress of China on her journey to Tong-Ling. It was presented by the Mandarin of Ki-Chau last November to Colonel Laurent Cherlonchon, who was engaged in operations near the eastern imperial tombs. The tent is of yellow silk, embroidered with gold and silver, and adorned with dragons, suns, and other emblems.

"Stove" Made of Oil Cans.
In many parts of Spain the "stove" in general use is made from an empty petroleum oil can, by cutting a hole near the bottom on one of the sides to make a draft, the can being lined with gypsum to the pleasure of the constructor, giving the fire space accordingly. The stove thus made, primitive as it is in its appearance, is effective in purpose and costs the equivalent of but a few cents of our money.

Delaware's Capital Grows Slowly.
Dover, the capital of Delaware, can not be correctly described as a thriving town in respect to its growth in population, which is less than that of Duck Creek Hundred in the same county and also less than that of Little Creek Hundred in Sussex county. Dover had by the last census a population of 3,329. The population of Wilmington was 76,508.

Hot Weather Stops Watches.
A clerk in a jewelry store says: Excessively hot weather stops watches that are wound up and are supposed to be in good running order. During three days this summer, fifty people brought their watches into our store because they stopped. In nearly every instance it was found that the mainspring was broken. It is always so when the temperature gets up around the hundred mark and stays there for several days.—Indianapolis News.

HUMOR OF THE HOUR

Bound to Find Fault.

A street car picked up a lame man the other day, and in less than a minute it became evident that the new passenger intended to make a kick about something or other. He was just turning around to face the conductor when that individual moved up three sets ahead and said:

"Sir, I do not own any stock in this road."

"No?" was the reply.

"And I am not the manager."

"No?"

"Nor a division superintendent nor the official starter. I am not to blame for open cars, closed cars, fast time or slow time."

"Who said you were?" growled the passenger.

"I simply conduct this one car to the best of my poor ability and can't even jaw the motorman."

"Well, what are you telling me all this for?"

"Why, sir, I rather expected you'd raise a kick of some sort, and I didn't want to be blamed for what was not my fault."

"Oh, I see. No, I didn't intend to find one word of fault with anything or anybody, but being you've called my attention to it let me say that I believe you'd look a darn sight better with your ears lopped off and your nose turned up at the end."—Brooklyn Citizen.

The Essence of Selfishness.

"Did you say that your parents were poor but honest people?" asked Senator Sorghum.

"Yes," answered the young man.

"So were mine. I'm one of the people that had to struggle and toil just because my parents were selfish and insisted on having the luxury of a clear conscience."—Washington Star.

Record of the Comets.

During the nineteenth century 235 new comets were discovered, as against 62 in the eighteenth century. The nineteenth century also beheld a greater number of large and brilliant comets than did its predecessor. The finest of these were the comets of 1811, 1843, 1858, 1881, and 1882. In the year 1800 only one periodical comet was known, Halley's; now many are known, of which at least seventeen have been seen at more than one return to perihelion.

CANDY ESCULETT'S CURE PILES.

Relieves Promptly, Pleasant, Harmless. Quickens venous circulation. Reduces enlarged veins, corrects portal circulation. Removes the causes of Piles, perfecting a Permanent Cure. 50c. sold and guaranteed or money cheerfully refunded by

ROBINSON & KEHOE, 67 W. Milwaukee St.

DRESSING WITH KAZOO

The Kazoo

is simply a Hose Supporter and Suspender combined; so arranged that the strain is equal back and front, thereby avoiding the suspender slipping off the shoulder or drawing up behind, or down in front, thus it can be used either as a supporter or a suspender. The hose attached is adjusted by a slide and a snap loop, thereby avoiding the necessity of adjusting the hose each time the boy dresses.

T. J. ZIEGLER,

We make **Shirts** To Order...

E. J. SMITH, Manager.

The Kazoo

Simply place the fastenings on the hose at the desired points, then leave them thus placed till the hose are changed, merely detaching from the suspender part as shown in cut of boy dressing.

They are made in sizes from 4 to 14. Price 50 cents and 75 cents according to quality. The Kazoo will outwear a half dozen pair of ordinary supporters.

DRESSED WITH KAZOO

Another Cut In Prices On Oxfords

OUR SALE on high grade oxfords at 98 cents has been large, but in order to close them out in the next 2 weeks, we have again cut the price to only

Come now while we have your size, as you certainly can not always expect to get these bargains.

THEN WE HAVE MADE ANOTHER LOT THAT we have been getting more for and have cut the price to...

We have our bargain table full of shoes and oxfords. Pointed toes, that if you can get your fit your choice 35c or two pairs for 50c.

Special cut prices on up-to-date Oxfords to close them out to make room for our fall stock
